## **CANADIANA**

### ORNAMENTS AND DECORATIONS

SOCKS is so proud to have fostered a friendship as well as a partnership with the soapstone artisans of Kisii.

After buying many of the traditional Kenyan soapstone designs, we started sending photos and suggestions of new items to create. Many of the 'Canadian' objects were completely foreign to the Kenyans. Sometimes without even knowing what the items were, the artists created beautiful art. We hope you love the pieces as much as we do.

## BONE INLAY WOOD PIECES

The wood/bone pieces are hand crafted and created by Victorious Craft group. The group uses waste bones sourced from butcheries to create unique jewelry and wares. The name Victorious Crafts Group came from the belief that the members of the group wanted to have victory over poverty, environmental degradation and other bad things happening in their communities.

The group was formed in 2006 by three young men out of the need for job creation amongst the unemployed youth in the Kibera slums
